

HERE ARE THE WINNERS!

# YOUR TOP TEN RECORD STAR PORTRAITS

In the Record Star Directory in June MOVIE LIFE, we offered transistor radios to the ten readers who sent in the best portrait, sketch or drawing of their favorite record star. Portraits rolled in by the hundred—and they were excitingly well-done! The judges of the contest—Art Director Ed Rethorn and our Art Editor Richard Roth—had a hard time deciding which were the best. But they finally narrowed the group down to the top ten portraits which we have reproduced on these four pages. Congratulations to the lucky winners—and many thanks to all our readers, who made this one of our most exciting contests!
