

## Lakeshore Art Exhibit Saturday and Sunday

Highlight of the 1965 Stewart Park Outdoor Art Exhibition sponsored by the Lakeshore Association of Artists in cooperation with the Lakeshore Association for Retarded Children, will be the return of Audrey Watts McNaughton, who has been invited by the Retarded Children's Association to exhibit and to create her famous "on-the-spot" portraits of dogs and other pets.

This popular artist, well known for her portraits of Eskimos and Indians, as well as for her animal sketches and portraits left the Lakeshore last spring and she and her husband are building a new house and studio just outside of Cobourg, Ont. This will be one more opportunity for Lakeshorites and their friends to see her in action and to obtain one of her portraits.

On hand to do portrait sketches of children will be Ted Sonne, and this, too, will be an attractive feature of the weekend show.

SEPTEMBER 18/19

This annual event is being held on the grounds of Stewart Park September 18 and 19, from 10 a.m. to 5 p.m. and is in aid of retarded children. In case of bad weather it will take place the following weekend, September 25 and 26.

Two paintings have been donated by well-known members of the Lakeshore Association of Artists, Ernest Heidersdorf, and Ron Simpkins, for which the winning tickets will be drawn Sunday, September 19. Advance sale of these tickets is already under way by members of the L.A.A. and by Mrs. W.J. Grandin, Roxboro.
